**How to download your allotments?**

Allotment can be downloaded from our website [www.tneaonline.org](www.tneaonline.org) , Please follow below steps to download.

Students who are from Special reservation category have to follow different URL but procedure is common for every user.

Steps:

1. Click on **Login** button
2. Enter your username/password that you provided during registration
3. Press **Login** button, if you forgot password click on **Forgot Password** link (refer our how to reset password link from our FAQ section for more details)
4. After successful login, you may find **Open Provisional Allotment** button, click on that
5. Your allotment gets generated usually it takes few seconds to a min. once its ready there will be a **Download Now** link, click that to download the allotment

Students who are from **General Academic** and **General Vocational** can login to [https://www.tneaonline.org/](https://www.tneaonline.org/) to download the allotment, students who are from special reservation can login from below link to download the allotment for respective special category
